THE SCHOOLS NETWORK™

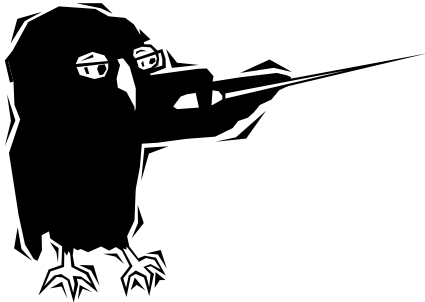

Welcome to the new term of Kids College. Once again, we are pleased to invite children in Year 5 and Year 6 to choose from our range of courses in technology and the arts. You will need to reply fast as they are very popular! If you're coming up to Denefield in September, why not come and make some new friends before you start?

The six-week courses are free; the only commitment is to look through the prospectus, make your choice and return a completed booking form. Places are limited on each course to a maximum of 16 students and will be allocated on a first-come, first-served basis. Please return your slip by **Friday 10 February**. Successful applicants will be notified by **Monday 13 February**.

Details on the courses and our Terms and Conditions follow, but should you require further information please contact me at the school. We look forward to meeting you.

Wednesday 21 March  
Wednesday 28 March (final session plus Achievement Celebration)

## SUMPTUOUS SWEETS

Calling all budding Jamie Olivers or Delia Smiths... If you have a sweet tooth and enjoy working with food, come and join our 'Sumptuous Sweets' course. Over the 6 weeks you will learn how to make enjoyable and healthy puddings and sweets that you can prepare yourself and take home for your family to enjoy.

You will learn to use basic equipment you have in your kitchen at home and develop your food preparation skills.

Each week you will need to bring a 2 litre ice cream box or plastic container with a lid to carry your sweets.

## INCREDIBLE I-STANDS

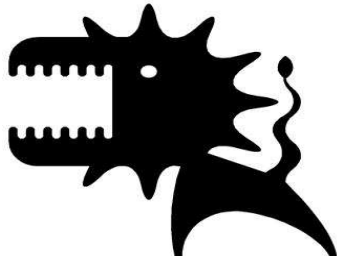

Come along and enjoy a totally different experience involving the use of CAD/CAM (Computer Aided Design and Manufacturing) equipment. You will have the opportunity to design and make a unique and crazy acrylic plastic mobile phone or i-pod stand for yourself or for a member of your family. You'll also be designing personalised keyring fobs which could make great

The course is very 'hands-on', using our new PC suite which is linked up to one of our two fantastic laser cutters. We'll have your cool designs cut out in minutes!

## MINI MONSTER MASH

Make your own friendly, monstrous creation come to life!

Over the six-week course, you will learn how to use a variety of techniques to decorate your own mini monster using different materials and recycled items to make your character stand out from the crowd.

After making your initial design, you will select the patchwork fabrics and trims you want to use and then begin to see the monster take shape before your very eyes. You can make it as simple or as complex as you wish!

## MUSIC MAKERS

Come and join us for an exciting and entertaining series of workshops looking at how we can explore different types of music and sounds.

By the end, you will have created a group performance for your audience on the final evening.

It could go many ways depending on what interests and skills you bring to the sessions. Do you already play an instrument? If you do, or even if you don't, come on down and let's make music!

# SECRETS OF SCIENCE

Are you interested in science? Do you want to learn more and try out some fantastic experiments in biology, chemistry and physics? Come and join us as we investigate the 'why' and 'how' of the world around us, explore some fun ideas and complete lots of amazing activities.

Topics will include ...

- ☺ *Fizzy, fizzy, bang, bang!*: acids, indicators, Bunsen burners and explosions;
- ☺ *The cutting edge!*: the heart, the lungs and the secrets of dissection;
- ☺ *Oops there goes my egg!*: the physics of motion and collisions with a great egg race challenge;

... and much, much, more!

**~ Booking Form ~**

Please **number** your 1st and 2nd choice courses.
