

# What makes me proud about Denefield

I have always loved it here  
Where the skies are always clear  
Our new lives around the corner  
To be fair some rooms are like a sauna

I love the way we love to learn  
And our passion for education will always burn  
The way teachers teach may be different  
But all students are significant.

The food here is so delicious  
And our passion for kindness is vicious  
Life is always so good  
But not as good as the pud

Our Character values are so important  
And it stops those whom want to be discordant  
Our houses keep us together  
and we always try to work together

Denefield makes me so proud  
So, let's say it aloud  
And I do not jest  
This school is the best
