Key Stage 2 Prospectus

Summer Term 2025

11 June - 9 July 2025

Wednesdays, 3.45pm - 5.00pm

SUCCESS FOR LIFE

Denefield
www.denefield.org.uk

Welcome to the new term of Kids College. Once again, we are pleased to invite children in Years 5 and 6 to choose from our range of courses in science, technology and the arts. If you're coming up to Denefield next September, why not come and make some new friends before you start?

Like many schools, Denefield is facing significant financial challenges. We do not get government funding for children below Year 7 and so we are unable to continue to subsidise Kids College, as to do so would mean our own students missing out on the funding given to support their education.

We do, however, appreciate how popular and invaluable Kids College is for the transition process, so we would like to continue to offer it. We have therefore decided that, if Kids College @ Denefield is to continue, parents/carers will need to contribute £26.00 to the cost of the five week course (this amount is non-refundable). This will cover all five sessions, including ingredients and resources. If your child is eligible for Pupil Premium, you should contact their primary school in the first instance, to see if they can help with financial support.

Please have a look through the prospectus, make your choice then complete and submit your application form by **8.00am on Tuesday 20 May**. Places are limited on each course to a maximum of 16 students and will be allocated by ballot after the reply deadline.

Successful applicants will be notified during the week commencing Monday 19 May, payment will be required to secure the place (further information on how to pay will be sent with the notification).

*Mrs J Jackson
Transition & Careers Leader
Kids College @ Denefield
Telephone: 0118 9413458*

email: jjn@denefield.org.uk

Details on the courses and our Terms and Conditions follow, but should you require further information please contact me at the school. We look forward to meeting you.

Registration and payment entitles students to:

- ♦ A five-week course with a certificate of participation.
- ♦ Ingredients/materials all included.

Parents and families are invited to:

- ♦ Attend the Achievement Celebration, 4.50pm - 5.15pm on Wednesday 2 April for the presentation of certificates.

Kids College @ Denefield Terms and Conditions

- * *There are 16 places available on each course unless stated otherwise.*
- * *Places will be allocated by ballot after the reply deadline.*
- * *We will endeavour to ensure that first choice courses are given. However, a second choice will be offered to students if their first choice is fully booked.*
- * *The non-refundable payment must be made, when requested, to secure the place, otherwise the place may be reallocated.*
- * *All courses will be delivered or supervised by qualified and experienced staff.*
- * *Parents/Carers will be responsible for the safe, prompt arrival and departure of their children and will provide at least two emergency contact numbers.*
- * *Parents/Carers will advise Kids College @ Denefield if their child is unable to attend a session by emailing nay@denefield.org.uk or calling 0118 9413458.*
- * *Students are expected to behave well and be polite and considerate to others.*
- * *The Kids College will not accept responsibility for loss or damage to students' property.*

Student Sessions - Spring Term 2025

Wednesday 11 June

Wednesday 18 June

Wednesday 25 June

Wednesday 2 July

Wednesday 9 July (final session plus Achievement Celebration)

Beautiful Clay Pots

Do you enjoy art and like to experiment with different materials? Are you creative and don't mind getting a little messy? If your answer is yes, this course is for you...

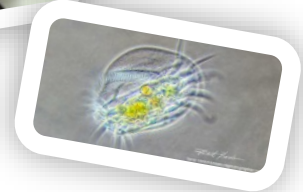

During the five weeks we will look into the art of pottery and then design and create our own beautiful clay pot. You will learn basic skills of how to work with clay and how to combine your own ideas with some traditional art.

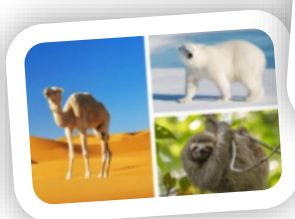

Secrets of Science

The Kids College Secrets of Science course is an unmissable opportunity for all budding young scientists.

You will get to work in our science laboratories and take part in a range of investigations, see spectacular demonstrations, and find out a bit more about how the world around us functions.

You'll look at all things Biology, zooming in to look at the microscopic cells and organisms with Microscopes, zooming out to look at how the animals across the world are able to survive in different climates and environments. You will also gain an in depth understanding of the processes happening in your body every day!

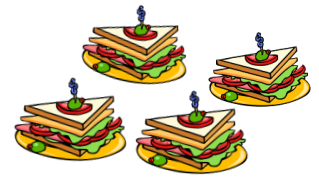

Over the five weeks you will take part in a range of science experiments lead by our fantastic and highly skilled science staff - it'll be a great introduction to science with plenty of fun, along with learning something new each session.

The Great British High Tea (x2)

Calling all Jamie Olivers or Delia Smiths... if you enjoy eating and working with food, come and join the 'The Great British High Tea' course.

There will be two Great British High Tea courses running at the same time. Over the five weeks you will learn a variety of kitchen skills and nutritional information to help you prepare your own delicious teatime treats.

You will learn to use basic equipment that you have at home in your kitchen, taste a variety of ingredients that go into the recipes each week and develop your food preparation skills.

Each week you will need to bring a storage container with a lid to carry your treats home in (a Celebrations tub size container would be perfect).

Apply now..

All children currently in Years 5 and 6 are invited to apply for a place at Kids College @ Denefield.

If your child is offered a place, the non-refundable payment of £26.00 will be requested to secure it.

Please complete and submit the [application form](#) by 8.00am on Tuesday 20 May.
