

Chemistry
Year 10 assessment map

Year 10	T1	T2	T3	T4	T5	T6
Combined Science	Quantitative chemistry – mid-term key knowledge assessment Quantitative chemistry – end of topic test	Structure and bonding – mid-term key knowledge assessment Structure and bonding – mid topic test	Structure and bonding – end of topic test Chemical changes – mid-term key knowledge assessment	Chemical changes – mid topic test Chemical changes – mid-term key knowledge assessment	Chemical changes – end of topic test Year 9 prior topics – mid-term key knowledge assessment	Year 9 prior topics – mid-term key knowledge assessment End of year test
Separate Science	Quantitative chemistry – mid-term key knowledge assessment Quantitative chemistry – mid topic test End of term Educake fact based knowledge quiz on Year 9 and T1 content	Quantitative chemistry – end of topic test Energy – mid-term key knowledge assessment End of term Educake fact based knowledge quiz on Year 9 and T1 and T2 content	Energy – end of topic test Rates of reaction – mid-term key knowledge assessment End of term Educake fact based knowledge quiz on Year 9 and T1, T2 and T3 content	Rates of reaction – mid topic test Rates of reaction – mid-term key knowledge assessment End of term Educake fact based knowledge quiz on Year 9 and T1, T2, T3 and T4 content	Rates of reaction – end of topic test Organic chemistry – mid-term key knowledge assessment End of term Educake fact based knowledge quiz on Year 9 and T1, T2, T3, T4 and T5 content	Organic chemistry – end of topic test Year 9 prior topics – mid-term key knowledge assessment End of year test End of term Educake fact based knowledge quiz on Year 9 and T1, T2, T3, T4, T5 and T6 content
