Year 12 assessment map

Year 12	T1	T2	T3	T4	T5	T6
Teacher one	<p>Mid-term carbohydrates topic assessment</p> <p>End of term mid topic assessment biochemistry concept based test on T1 content</p>	<p>Mid-term proteins, enzymes, DNA mid topic assessment</p> <p>End of term biochemistry whole unit test T1 and T2</p>	<p>Mid-term heart and blood mid topic assessment</p> <p>End of term mid topic assessment exchange of substances content test from T3</p>	<p>Mid-term gas exchange mid topic assessment</p> <p>End of term mid topic assessment exchange of substances T4 content</p>	<p>Mid-term exchange of substances end of unit assessment T2, T3 and T4</p> <p>End of year PPE T1, T2, T3, T4 and T5 content</p>	<p>End of term mid topic assessment food chains and productivity</p>
Teacher two	<p>Mid-term cells, microscopes and magnification assessment</p> <p>End of term cells mid topic assessment on T1 content</p>	<p>Mid-term cell cycle, mitosis and transport assessment</p> <p>End of term cells mid topic assessment on T1 and T2 content</p>	<p>Mid-term end of unit cells test T1, T2 and T3</p> <p>End of term mid topic assessment genetic information</p>	<p>Mid-term genetic information, variation and relationships assessment T3 and T4</p> <p>End of term mid topic assessment genetic information, variation T3 and T4</p>	<p>Mid-term end of unit test genetic information, variation and relationships between organism's T3, T4 and T5</p> <p>End of year PPE T1, T2, T3, T4 and T5 content</p>	<p>End of term Mid topic test population, evolution to speciation</p>
