

## **Canteen**

The catering service at Denefield is provided by Harrison Catering Services.

Since its founding in 1994, Harrison has always been about quality fresh food prepared on-site and served by people who love what they do. Over 100 clients across the UK enjoy a Harrison foodservice, with more than 100,000 meals being served each day by approximately 2,000 staff across more than 270 locations.

Harrison understands that what children and young people eat affects their health and their ability to learn and perform in the classroom. At Denefield, our catering team will provide nutritious, balanced meals, and we will work to educate the students on how to make healthier food choices. Our goal is to instil a love and understanding of fresh, healthy food at a young age that will positively influence them throughout life.

Our catering team at Denefield will work with the school and the school council to tailor menus to the tastes and preferences of the students. We will introduce further interest and excitement to our menus through themed lunches and cuisines from around the world, tying these into the school curriculum whenever possible.

If you require further information or have any feedback about the catering service, please contact Harrison Catering Services by email at [denefield@harrisoncatering.co.uk](mailto:denefield@harrisoncatering.co.uk)

Denefield operates a biometric cashless system for the school catering service. Cash payments can be entered onto the system by using the payment system on-line at [www.scopay.com](http://www.scopay.com). To use this facility you will need to obtain a login from main reception.

To comply with updated legislation which came into effect on 1 September 2013, schools must obtain parental consent for the use of student biometric data. You can withdraw your consent at any time by writing to the school.
